55K

COVERAGE
ROAD HAZARD

The DS2 is the first-of-its-kind Ultra-High Performance Powerline tire, available in multiple wheel diameters with over 70 different sizes, accommodating many different vehicle makes and models.
The DS2 features Delinte's proprietary Qirin Scale Technology (QST) which accelerates water evacuation for enhanced performance in wet conditions. The DS2 also comes with a reliable 55K mileage warranty.

STAGGERED FITMENTS

The DS2 is a Powerline tire that comes in a vast number of size offerings and staggered fitments.

ULTRA-WIDE TREAD GROOVES

Four extra-wide tread grooves accelerate water evacuation using Delinte's original Qirin Scale Technology (QST) which improves performance in wet conditions.

INTELLIGENT TREAD DESIGN

The optimized variable pitch tread pattern and pitch sequence effectively reduces pattern noise and provides a comfortable ride.

VARIABLE 3D CUTTING TECHNOLOGY

This technology enhances traction and even tread wear, especially during high-speed handling, by increasing and balancing the pressure distribution.

EVEN CONTACT PRESSURE

The optimized void ratio design developed using computer simulation provides even pressure with the road for excellent traction, tread wear, and improved rolling resistance.

SHOULDER RIB DESIGN

Large shoulder blocks with optimized shape and void ratio provide enhanced stability and traction, especially during cornering and handling.

D-SHIELD 55K WARRANTY

The DS2's D-Shield Warranty protects your tires for up to 55K of mileage, which also includes the Delinte Road Hazard Warranty Plan.

QIRIN SCALE TECHNOLOGY (QST)

Delinte's proprietary Qirin Scale Technology suppresses the formation of water turbulence in the grooves of the tire, allowing faster water evacuation, and improving performance in wet conditions.

M+S RATED

The M+S rating on the tire sidewall indicates that the tire is engineered for improved traction in mud and snow.

TOP ORIGINAL EQUIPMENT FITMENTS

- **MERCEDES** C-Class
- **LEXUS** IS
- **INFINITI** Q50

8.15%
US Ultra-High Performance Tire Market expected to rise at a CAGR of 8.15% by 2030*
